Carboy Cap

Silicon sealing cap with 2 sealable openings for sealing carboys and other fermenting bottles. Fits PET bottles with narrow necks and glass demijohns from 10 to 34 litres.

A variety of possible applications:

- for fitting a single airlock;
 - for fitting an airlock in one opening and an aeration hose in the other opening;
 - for an airlock and a stirring paddle;
 - for an airlock and a thermometer;
 - for an airlock and a rod for allowing use of a dry-hop mesh bag;
 - post-fermentation: for fitting a stainless steel siphoning pipe in one opening and using the other to pressurise the siphon.
-
- made from flexible silicon
 - seals hermetically
 - alternative to a stopper with a hole
 - allows you to move the fermenting bottle without removing the airlock; to do this, all you need to do is remove the cap of the second opening.

Specification

Packing dimensions and weight:

Weight	0.032 kg
Length	8 cm
Height	8 cm
Width	6 cm
EAN code	5420069822828
