

## Crown corks 26 mm - oxygen scavenging - Belgian flag - 1,000 pcs

Belgium is the beer country par excellence. In 2016 UNESCO even recognised the Belgian beer culture as Intangible Cultural Heritage. Did you brew a genuine Belgian beer? Then why not cap it with a Belgian flag. These unique crown caps also protect your beer against oxidation.

These oxygen scavengers have a special liner that absorbs oxygen molecules in the head space of closed bottles. This layer protects your beer from oxidation, it ensures flavour stability and extends shelf life.

### Specifications:

- 26 mm crown cap
- special oxygen scavenging liner
- the caps are moisture activated, therefore, only wet/sanitize the crown corks prior to bottling.
- quantity: 1,000 pieces
