Inkbird ITC-308 temperature controller

You'd love to have a temperature-controlled fermentation chamber, but you're not a certified electrician nor a DIY'er? If so, the Inkbird ITC-308 is the ideal solution for you.

The Inkbird ITC-308 is a ready-to-use, plug and play thermostat/temperature controller: simply connect up the plugs, set the temperature and off you go.

Features

- CE-certified
- large, clear LCD displays with set and measured temperature
- dual output: cooling and heating
- automatic alarm in the event of sensor malfunction and over-temperature
- high and low temperature alarm
- calibration function
- temperature differential function can be configured separately for heating and cooling

Specifications

- temperature control range: -50 to +99°C (adjustable)
- read-out to 0.1°C (resolution)
- accuracy: $\pm 1^\circ\text{C}$ (-50 to +70°C)
- relay capacity heating: 10 A (max.) 240 V
- relay capacity cooling: 10 A (max.) 240 V
- stainless steel probe sensor
- sensor cable length: 2.00 m
- input power cable length: 1.50 m
- output power cable length: 0.20 m
- dimensions body: 140 x 68 x 33 mm

Specification

Packing dimensions and weight:

Weight	0.485 kg
Length	19.3 cm
Height	10.5 cm
Width	8.5 cm
EAN code	5420069836696
