Brew Monk Magnus Cape 45 l insulation jacket

The Brew Monk Magnus Cape was designed by the monk to improve the performance of his beloved brewing kettle. The insulated jacket helps the Brew Monk brewing kettle keep more heat contained in the boiler and maintain a more constant brewing temperature (for cooler seasons or regions). Moreover, the Cape protects users and bystanders from getting burned during brewing.

- Insulation thickness +/- 6.8 mm
- Exterior material: sturdy polyester that will last longer compared to other cheaper neoprene jackets of inferior quality; their neoprene can stretch, tear and get cut easier.
- Energy-saving
- Child-friendly burn prevention

Specification

Packing dimensions and weight:

Weight	0.54 kg
Length	52 cm
Height	8 cm
Width	19 cm
EAN code	5420069829346
