

## Ss Brewtech™ Brewmaster Chronical Fermenter 53 l (14 gal) °C

Art. 017.162.53

<https://www.brouwland.com/en/qr/017.162.53>

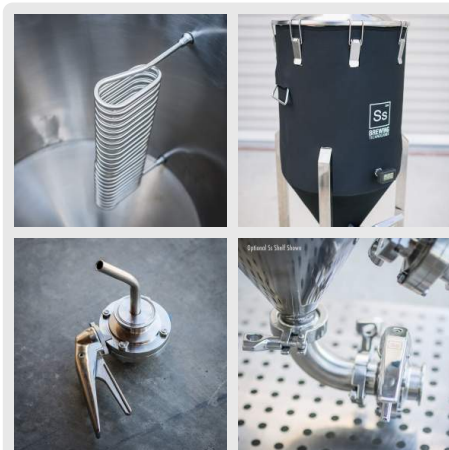

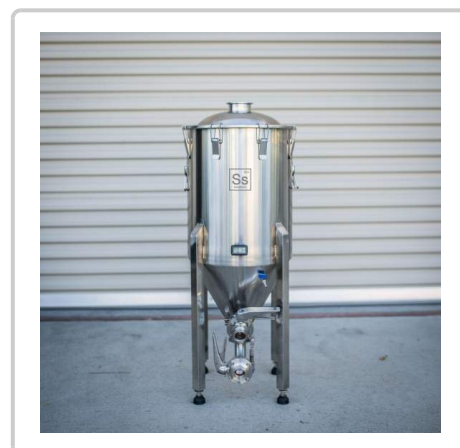

The Chronical Brewmaster Edition is the most advanced fermenter on the market for home brewers. We took everything we have learned from pro brewing, and all the best features we have designed for the original Chronical fermenters and integrated them into the Chronical Brewmaster Edition.

The included side mounted chiller coil allows you to retain the domed lid for pressurized transfers. In addition, we added custom designed and compact professional grade butterfly valves. Combine those features with upgrades like a 3" TC port for dry hopping and CIP, sampling valve, neoprene insulating jacket, and you have the most complete fermenter available for brewers.

- FTSs temperature controller now sold as a bundled option
- Pro brewing geometry
- Custom tooled compact butterfly valves
- FTSs-ready side mounted chiller coil
- 3" TC lid port (accessories available)
- Integrated pressure relief valve
- Cone mounted sampling port
- Neoprene insulation jacket
- Etched volume markings gals/liters
- LCD temperature gauge
- Threaded inserts on leg bottoms (?)

### Specifications:

- 304 Stainless Steel
- Capacity: 53 l (14 gal)
- Diameter: 35.1 cm (15")
- Height: 91.44 cm (36")

### Specification

Packing dimensions and weight:

Weight	20 kg
Length	46 cm
Height	92.5 cm
Width	46 cm
EAN code	5420069837341
