Ss Brewtech™ Nano Brite Tank 159 l (one barrel) °C

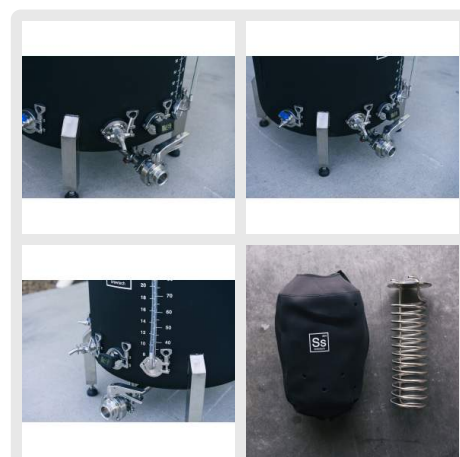

Brite tanks are a critical part of any professional brewer's workflow, and now we have made them available to home brewers. The versatile Ss Brite Tank Brewmaster Edition can be used both as a traditional brite tank and also as a serving vessel. We have taken everything we love about the standard Ss Brite Tank and have added fully welded TC connections, in addition to the popular chilling coil and neoprene jacket. If it's craft brewery quality clarity and carbonation you are after, then the Ss Brite Tank Brewmaster Edition is for you.

The carbonation stone and 15 psi pressure rating of the brite tank make carbonation issues a thing of the past.

- Dished bottom
- 8" diameter top TC port with chilling coil & neoprene jacket
- TC carbonation stone
- Sanitary TC sampling port
- Sanitary TC pressure gauge
- TC thermowell
- TC pressure relief valve
- Operating pressure: 15 psi
- Custom tooled butterfly valve
- TC sight glass with etched volume markings
