Collection ball for FastFerment™ 30 litre (7.9G)

Additional collection ball to harvest your yeast after brewing for reuse in another batch. Having a spare collection ball for your FastFerment 30 litre allows you to store the yeast from one brew in the refrigerator and use another ball for brewing your next batch.

Get a few collection balls and create your own private yeast bank. Save money and make sure you have yeast on hand. Store that sought after limited edition strain for year-round use.

- screws onto the valve of FastFerment 30 l
- 700 ml capacity
- collects yeast that settles out during fermentation
- allows you to harvest yeast for reuse
- flat-bottomed for easy storage in your refrigerator
- includes ball, union coupler and stopper
