Silicone hose reinforced 28 x 38 mm per 20 metres

Food-grade and heat-resistant braid-reinforced silicone hose. Due to its excellent properties, it can be sterilised and used with both acid and alkaline solutions. Thanks to the reinforcement this tube has an excellent bend radius and retains its shape.

Delivered in one piece of 20 metres.

Different sizes are only available in our shop in Beverlo (Belgium) or with a number of distributors. Click here for a practical overview of our range of silicone hoses.

- excellent bend radius; retains its shape
- food-grade and heat-resistant reinforced silicone hose
- resists high and low temperatures
- sterilisable, flexible, light and durable
