

PolyKeg® SmartKeg w/o bag - amber - 24 l - S fitting

PolyKeg specialise in the production of large one-way PET kegs, for different applications in the draft beverage sector. PolyKeg's experience and constant research make range of kegs ultra-innovative, extremely safe and of high quality.

The kegs are suitable for a wide range of carbonated/non-carbonated products, such as beer, wine, soft-drinks, cider, etc. They preserve the aroma and taste of the product, thanks to a high O2/CO2 barrier and light protection. UV light and visible blue light won't penetrate your precious drinks.

The one-way kegs offer different benefits to beverage manufacturers, distributors and final users:

- new business opportunities on different markets
- fit most of the existing filling machines and the traditional dispensing systems, generally used for traditional steel kegs
- can be filled manually, upside down or in an upright position
- easily stackable with benefits both for storage and shipment
- light but strong

With the aim of achieving higher plastic recycling rates and more sustainable consumption and production models, the complete keg is in plastic. The keg can be dismantled completely, so all the different plastics can subsequently be recycled separately. The light weight of one-way kegs optimise the logistic process, reduce number of transports, avoid the return of empty kegs and the subsequent washing steps, resulting in a significant reduction in environmental pollution.

- Single use, one-way keg in PET
- High CO2 barrier
- O2-free (*)
- Wide application possibilities: beer, wine...
- Stackable
- High pressure resistance
- Strong impact resistance; the keg remains intact after a fall from a height of 2 metres
- Full traceability

Specifications:

- Nominal working pressure: max. 3.5 bar
- Burst pressure: ~10 bar
- Colour: amber
- 24 litre
- S fitting
- No bag in the keg
- For beverages containing up to 20% alcohol

Specification

Packing dimensions and weight:

Weight	1.3 kg
Length	57.2 cm
Height	28.3 cm
Width	28.3 cm
EAN code	05861024S
